

DELIVERABLE 1

There are three components to Deliverable 1.

The student profile is part of Deliverable #2 and is an INDIVIDUAL ASSIGNMENT which will aid in the formation of a group. Each group member separately must submit this completed document as their deliverable into the Blackboard Drop Box prior to deadline.

Deliverables other than the Deliverable 2 will all be GROUP DELIVERABLES. For group deliverables, all group members receive the same grade, barring any mitigating circumstances.

The four parts of **this** assignment are to be:

1. Leadership and Communications
2. Integrity and professionalism
3. Group Contract
4. Business Mission and System Vision

For part 1, you must identify each group member and their role within the group

For part 2, each of you must complete both the Integrity in Action AND the Plagiarism and Citation commitments.

For part 3, your group must create a mutually agreed group contract, to help guide you through and predictable problem areas in group projects. See the attachment for the group contract form.

For part 4, your group should create a mission statement and a system vision (for the type of system you want to create). You may wish to keep in mind prospective projects your professor has discussed.

The integrity of submitted work is the responsibility of all group members.

Please note that if cheating is discovered in a group assignment each member will be charged with a cheating offense regardless of their involvement in the offense. Each member will receive the appropriate sanction based on their individual academic honesty history.

Please ensure that you understand the importance of academic honesty. Each member of the group is responsible to ensure the academic integrity of the submitted work, not just their own part. When submitting a deliverable, the grade is assigned to each student whose name appears on the submission. If you did not contribute, do not sign your name to the work.
